Claim # 2:25-cv-00685?

To: Judge in regards to John Oliver Francois' claims

Subject: This facility refuses to give paper ~~to~~ ^{off} offenders

regarding ^{their} legal mail. Intentionally depriving the rights of

pretrial detainees. Note: One of the Officers I sued (Supervisor

H. Howard) was monitoring calls today at 4:45pm-4:55pm and was hanging

up my calls when I was talking/explaining to ms. Alicia the illegal paper policy here.

Good morning Your Honor,

I am John Oliver Francois, the Plaintiff in 2 claims before this Honorable Court. I am writing you [the judge] because I spoke with Ms. Alicia, the clerk of court about the 1983 forms and Application to leave to Proceed In Forma Pauperis. My second claim sums up the reason I am unable to receive my legal mail (forms, applications, ect.) from any local, state, or federal agency or dept. at this facility. I found a template for the application and attempted to forward it to the Trust Fund dept. here after making a handwritten copy of it. The guard named Corporal Glover returned it and stated "Don't send no fucking more claims". At that time I only had grievances pending so I assume he was talking about those. Moving on, this facility will receive my legal mail and scan it onto Smart

Communications system and then shred it per unconstitutional policy. So any mail your courts sends for me to fill out or file correctly will be handled in the manner described. There is n't any PDF format or other way for me to get the documents, forms, or applications you might send to me in a paper form (hard copy). Also, you will have to order these Officials/staff of Calcasieu Correctional Center to print and send you copies of the following documents as exhibits because they have and will continue to deny giving it to me. The officers of this facility are intentionally and with evil motive depriving me and the rest of the offenders of ~~our~~ ^{our} rights under the US Constitution and Louisiana's Constitutions as well. I do not know how to make this stop, but I am doing all that I can because it is wrong and I am an innocent man and Pro se self-represented defendant in my criminal case. Sincerely, John O. Francois
